***Reason for Allowance***

The following is an examiner's statement of reasons for allowance: the prior art of records (US. 4,595,847) fails to teach or fairly suggest an electronic signal processing apparatus with a signal switch, the switch comprising: a switch input, a switch output and an internal node; first and second depletion transistors, having main current channels coupled between the internal node and the switch input and output and having control electrodes coupled to the common reference conductor; a signal processing arrangement between the internal node and a common reference terminal conductor; a signal processing arrangement comprising a diode; and a switch control circuit having first and second control outputs for controlling conduction of the main current channels; the switches being on when there is no off state control voltage applied to the internal node as called for in claims 1 and 3. Therefore, claims 1-4 are presently allowed.

***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hiep Nguyen whose telephone number is (571) 272-1752. The examiner can normally be reached on Monday to Friday from 7:30am to 4:00pm.
